

UV protection

Blocks up to 99% of harmful UV rays, preserving your car's interior.

Heat Reduction

Keeps your vehicle significantly cooler during the UAE's hot summers.

Enhanced Privacy

Adds a layer of privacy and keeps your belongings hidden from outside view.

Interior Preservation

Reduces fading, cracking, and discoloration of your car's interior.

Improved Safety

In the event of an accident, the tint film helps hold shattered glass together, reducing the risk of injury.
